COSMIS ADVANCED ENGINEERED SOLUTIONS
ATTN: Software Engineer Hiring Team
RE: Software Engineer Position
985 Space Center Dr., Suite 200
Colorado Springs, CO 80915

Dear Software Engineer Hiring Team,

After reviewing the job listing, I believe I will be able to contribute to the CosmicAES Software Engineering Team. I have experience with full-stack software development working with a team implementing Agile/Scrum methodology and using technologies such as Python, C#, JavaScript, and more. From my previous experience in customer service and personal development reading, I am also an effective team player.

Please, let me know if we'll be a good fit. I would love to be a part of the CosmicAES Team and contribute to some exciting projects. Thank you for your time and consideration.

Best Regards,
Robert Manez
